

FACILITIES MANAGEMENT SERVICES

Posted on 12 April 2019 by admin

an integrated set of building management services

Invite provides **Integrate Facilities Management services, an integrated set of building management services** that combine to ensure the proper operation of the building.

These support services can be technical maintenance, energy management, cleaning, storage, catering, etc. Modern buildings have increased management requirements and require modern technology to control and operate. Facilities Management is an integrated service system that meets all the needs of a building complex and **is the ideal solution for a business.**

The qualified staff of Invite from various specialties is a guarantee for high quality **services** that will contribute to **cost reduction** and **improvement operation** of your building facilities.

PARTNERS

- The Diageo logo consists of the word "DIAGEO" in a bold, pink, sans-serif font, centered within a white rectangular box.

- The Elpis logo features the word "ELPIS" in a large, serif font. The letter "P" is replaced by a classical statue of a winged figure blowing a trumpet, standing on a pedestal.

- Mercedes-Benz
